

February 16, 2023

Congratulations!

BARRISOL - NORMALU SAS
RTE DU SIPES
68680 KEMBS, France

UL Environment's GREENGUARD Certification Program is pleased to award GREENGUARD and GREENGUARD GOLD Certification for your **PVC Stretch Ceilings-01** test group as of today. Below you will find everything you need to leverage your certification.

[SPOT.ul.com/customerportal] **Create Product Listings:** Don't forget to list your GREENGUARD certified products in SPOT™ and join the most credible sustainable products database. Just log in to the customer portal to begin. After completion, your official certificates will be available on SPOT™ once your listings are published. Get your products noticed! Ask us about our expanded listing program and track their performance with our analytics tool. [CONTACT US TODAY](#)

Mark Usage Guidelines: When using the certification marks, please be sure to reference the brand guidelines outlining proper use of the preferred and alternate marks. View our training on proper GREENGUARD messaging > [GREENGUARD Mark Tutorial](#)

The alternate mark must be used with the qualifying language either below or to the right of the mark. Review the Mark Usage Guidelines for details on how to display the qualifying language.
